PROJECT DESCRIPTION

This is a request to Amend a portion of the Southwest Sector Plan of the General Plan from SC (Service Commercial) to GC (General Commercial) on 0.87 acres at 8490 Westcliff Drive. In addition to this application, the applicant has submitted a request for a Rezoning (ZON-33543) from C-1 (Limited Commercial) to C-2 (General Commercial), a Special Use Permit (SUP-33544) for a Truck Rental establishment and a Major Amendment (SDR-33546) to an approved Site Development Plan Review (Z-0110-90) to eliminate required landscape and to add truck storage for a proposed Truck Rental Establishment in conjunction with an existing Convenience Store and Restaurant. Staff has determined that the proposed General Plan Amendment would create an isolated General Plan land use designation of GC (General Commercial), with the nearest related uses located approximately 1,800 feet to the west at Alta Drive and Rampart Boulevard. The proposed General Plan designation is not compatible with the surrounding land use designations and zoning districts, as the uses allowed by the GC (General Commercial) designation much more intense; therefore, staff recommends denial of this request.

<i>Pre-Application Meeting</i>	
02/04/09	A pre-application meeting was held with the applicant where the submittal requirements of a General Plan Amendment, Rezoning, Special Use Permit and a Site Development Plan Review were discussed.
<i>Neighborhood Meeting</i>	
03/10/09	A neighborhood meeting was held on Tuesday March 10, 2009 at 5:30 pm at the La Petite Academy, Training Room, located at 8451 Boseck Drive, Las Vegas, Nevada 89145. There was one representative of the applicant and one member of the Planning and Development Department in attendance at the meeting. There were no members of the general public present. The meeting was called to an end at 6:00 PM.
<i>Field Check</i>	
03/05/09	A field check was conducted by staff at the subject site. The subject property contained an existing Convenience Store with Fuel Pumps and a Restaurant within a single building. While the site was generally clean, staff noted that the window signage exceeded the 25% coverage permitted by Title 19.14, and the total area of wall signage exceeded the 20% maximum permitted by Title 19.14. In addition, a non-permitted wooden sign was noted at the northwest corner of the site fronting Durango Drive, the trash enclosure was missing the required screening gate, along with four rental trucks and two rental trailers parked on site.

ANALYSIS

The subject site is located in the Southwest Sector of the General Plan and has a current General Plan designation of SC (Service Commercial). This is a proposal to amend the General Plan designation to GC (General Commercial). The General Commercial category generally allows retail, service, wholesale, office and other general business uses of a more intense commercial character. These uses may include outdoor storage or display of products or parts, noise, lighting or other characteristics not generally considered compatible with adjoining residential areas without significant transition. Examples include new and used car sales, recreational vehicle and boat sales, car body and engine repair shops, mortuaries, and other highway uses such as hotels, motels, apartment hotels and similar uses. The General Commercial category allows Service Commercial uses, and may also allow Mixed-Use development with a residential component where appropriate.

A companion application to Rezone (ZON-33543) the site from the C-1 (Limited Commercial) district to the C-2 (General Commercial) district has also been submitted by the applicant. The proposed C-2 (General Commercial) district is designed to provide the broadest scope of compatible services for both the general and traveling public. This category allows retail, service, automotive, wholesale, office and other general business uses of an intense character, as well as mixed-use developments. This district should be located away from low and medium density residential development and may be used as a buffer between retail and industrial uses. The C-2 (General Commercial) district is also appropriate along commercial corridors. The C-2 (General Commercial) district is consistent with the General Commercial category of the General Plan.

With the approval of this proposed General Plan Amendment to the GC (General Commercial) land use designation and Rezoning (ZON-33543) to the C-2 (General Commercial) zoning district, the existing Convenience Store and Restaurant uses are permissible while the proposed Truck Rental establishment is a permissible use upon the approval of a Special Use Permit. The surrounding parcels to the north and east carry a SC (Service Commercial) General Plan land use designation, with a related zoning district of C-1 (Limited Commercial), while the parcels to the south are single-family residences with a General Plan land use designation of ML (Medium Low Density Residential), with a related zoning district of R-CL (Single Family Compact-Lot). The parcel to the west has been approved for a 472-square-foot Community Recreation Facility and a 141-space Park and Ride facility on property with a General Plan land use designation of PR-OS (Parks/Recreation/Open Space) and a related zoning district of C-V (Civic).

This request to amend a portion of the Southeast Sector Plan of the General Plan from SC (Service Commercial) to GC (General Commercial) is inconsistent with the surrounding land uses and will result in an isolated land use designation for the subject property. The range of uses permitted within a GC (General Commercial) land use designation are much more intense than those permitted under the current land use designation and will have a negative impact on the surrounding area; therefore, staff recommends denial of this request.

FINDINGS

Section 19.18.030.I of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,
2. The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,
3. There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and
4. The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.

In regard to “1”:

The proposed GC (General Commercial) General Plan designation for the subject property is not compatible with the existing SC (Service Commercial) properties that surround the site. The increase in the intensity of allowable uses will create an incompatibility and inconsistency with the surrounding area.

In regard to “2”:

The C-2 (General Commercial) zoning designation allowed by the proposed General Plan Amendment will be much more intense than the zoning districts permitted by the surrounding SC (Service Commercial) land use designations. The C-2 (General Commercial) zoning district will be the most intense zoning district within the surrounding area and will permit the broadest scope of commercial development, and therefore, is not compatible with the surrounding uses.

In regard to “3”:

Access to the site is provided by Westcliff Drive and Durango Drive, both 100-foot Primary Arterials as designated by the Master Plan of Streets and Highways. The subject property is located within an area of the City where all utilities, fire and police services are currently in place and available. Therefore, there are adequate facilities available to accommodate the uses and densities permitted by the proposed General Plan Amendment.

In regard to “4”:

No other plans apply to this site.
